## Commercial and Money Matters.

WEDNESDAY, June 21. At the Stock Exchange to-day a fair extent of business was At the Stock Exchange to-day a lair extent of business was manacted, but yesterday's quotations were not generally sustained. We quote the following decline: New-York State 5's, for 1858, \(\frac{1}{2}\); Indiana Bonds, \(\frac{1}{2}\); Harlaem Railroad, \(\frac{3}{2}\); Auburn and Rochester, 1; Long Island \(\frac{1}{2}\), and Canton Compa-

BOCHESTER, June 17.—The expected decline in Wheat and Flour has not occurred; on the contrary, the tendency of both seems upward. Wheat, this morning, is selling at \$106, and Flour at \$463. The transactions are not large. The whole amount of Flour shipped from Rochester, from the opening of navigation to the second week in June, inclusive, is 47,524 barrels. The shipments are now quite light—indeed they have not been heavy at any time this season, compared with last year.

Markets-Carefully reported for The Tribune. WEDNESDAY, June 21.

ASHES .- There are no new features in the market to-day. 250 bbls. Pots have been sold at \$4 62}, and 50 Pearls, which continue very dull at \$5.37\frac{1}{2}.

COTTON.—Since the decline noticed yesterday, there

has been no change in the market. Sales are but a few hun-FLOUR .- There is a perfect panic in the Flour market,

and the greatest difficulty seems to be on the part of holders to ask prices high enough. The receipts continue moderate and prices go up 6d to a shilling every day—some refusing to sell below \$6 and others believing that it will reach that point, show an anxiety to get it there as soon as possible.— The day's sales are to-morrow's receipts, thus keeping one day ahead of the supply. Genesce broug a \$5.50 and Michigan and Ohio 5.37 2 a 5.50, part from store at the latter price. Southern also feels the feverish influence: 200 bbls. Brandy-wine sold at \$5 25 and 1000 Georgetown \$5 25 a 5 31 is it is now firmly held at \$5 374. Rye Flour and Corn Meal re-

min as last noticed.

GRAIN.—Wheat goes up with Flour and another advance has been established. The sales are 5000 bushels Illibut little, 1800 bushels gold to-day at 68½ cts. del. No Barley here and no body wants it—no quotation can be given. Oats are as dull as ever—28 à 29 cents is all that they can be quoted; the supply is abundant. Corn continues to go down, but in the opinion of some of our intelligent grain dealers it has teached bottom, for the present; the sales are 1000 bushels Northern, on private terms; 5500 at 55 cents weight and 54 measure; 1500 heated New-Orleans 50, and 1000 Ohio 53.

WHISKY .- The supply exceeds the demand and this always renders the market dull; 41 bbls. common Western sold at 22 cents—drudge casks are held at the same price.

SALT.—Onandaga goes off on arrival at \$1 per bbl. of 5 HAY.-North River is very dull, the best commanding

ceptions which exist in all general rules. Beef is dull; 160 Lard, in kers, is scarce and wanted; 63 cents were refused to-day for 1000 kegs prime; 50 kegs. City rendered sold at 8 cents and 20 bbls pickled Shoulders 31, cash.

SANDS'S SARSAPARILLA.-Still farther proof of the superior efficacy of Sands's Sarsaparilla:

Messrs, Sands: Gents-Under a feeling of lively gratitude emeacy of Sands's Sarsaparilia:
Mesars, Sands: Gents—Under a feeling of lively gratitude implanted in the human breast, I feel bound to acknowledge and declare to the world the great and, to me, important benefit derived from the use of your justly celebrated preparation of Sarsaparilla. Your name will be cherished with the fondest recollections of delight so long as memory proves faithful to her trust; for it is to you, under the blessings of an overreling frovidence, I am now indebted for my health. As an act of justice on my part, and with a view of setting forth (feebly as it may appear) in good faith my hearty wish that others who may read may learn where relief may be found who are suffering from any similar complaint to my own.—Chronic Rheumatism is the disease which rendered me a cripple, as it attacked my arms very severely, so that I was unable to lift my hands to my head, owing to the extractiting pains; it also seized upon my legs, so that I was entirely helpless.—For two months I lay suffering without obtaining relief from various remedies prescribed, wen I was told of your medicine, which I sent for, and to my utter astonishment, and that of my friends, in two weeks I was well, and able to ge about my business.

Yours trally.

Dr. Fleming's Medicated Diarrhoea and Worm Candes are, we think, the best calculated to perform cures for the Diarrhoea and Externination of Worms of any thing that is made at this time. The increasing demand and the results from persons who have used both are our reasons for indging. The Candies are very pleasant, having no bad taste. Children have no dislike to them, and mothers, whose children are troubled with Diarrhoea or Worms should always keep them in the house, and we have no doubt they will do so when they find out it can be had at wholesale or retail at Dr. Covert's of fice, No. 135 Nassan-street.

The does appear to us that our readers by this time are masked, from the abundant evidence which has appeared from the totime, that Dr. Covert's Balm of Life is, to say the leat, all that it proposes to be, for colds, coughs, consumption, dyspepsia, bronchitts, asthma, and all diseases of the leags and windpipe. Certainly, if we may be allowed to judge from the character of his testimonials from physicians whom we know rank high in their professions, we must place confidence in his article, and it should be here stated, that this medicine does not appear before the public in a disguised form. It has been submitted to the most scientific of the medical faculty, and won their confidence and obtained their approbation. NEW ALGEBRA.—Just published. An Armitige Methods of instruction in Schools and Academies, by J. B. Thomson, A. M. The object of this work is to furnish an easy and lucid transition from the study of Arithmetic to the higher branches of Algebra and Mathematics. The merits of Day's Algebra are too well known and appreciated to require comment. This inimitable work is now presented to the public in an abridged form, with such additions as would adapt it to the wants and capacities of beginners by an experienced and practical teacher. To this end many new illustrations are added; practical questions are placed at the foot of the page; the number of problems are greatly increased, Nc. Sc. Speaking of the work and its author, President Day says. "I had confidence in his mathematical talents and attainments and his practical knowledge, derived from several years experience in teaching Algebra, as qualitying bim to make the abridgement proposed; and I am gratified to find on examination that our design has been skillfully and satisfactorily executed.

THE PREVAILING EPIDEMIC INFLUENZA. The following is a letter from a gentleman who has occupied for a number of years a high standing as a merchant in the mercantile community of this city. It speaks for New-York, June 19, 1813.

New-York, June 19, 1813.

Gents: I have suffered with serere cough for a long time. I sought the aid of all the medical talent of Europe, Paris, Vienna. St. Petersburgh, Hamburgh, London and other cities, but could find no relief, as also the whole Medical Faculty of this city. I tried J. Pease X. Son's Horshound Candy, which entirely cured me of the most distressing cough and other symptoms above described. About two weeks I was attacked with influenza in its worst forms, attended with sore throat, violent sneezing, hoarseness, hot, burning fevers, pain in my limbs, restlessness at night, loss of appetite, depression of the himbs, restlessness at night, loss of appetite, depression of the whole animal functions, almost as bad as man could be, and by the timely use of your Candy. I was entirely restored to good health. You, gentlemen, are benefactors, and your Candy is a balm to soothe the lungs; and I would recommend every person that has suffered as I have to use it, and they will speak as proudly as I do.

Resolved, That the assertions made by said Hough, lately from England, at the Police Office, that women were knocked down and insulted by the men and boys running with the Engine, is false in every particular, as can be proved by the watchmen on duty that morning.

Resolved, That we have made inquiry in relation to a Mr. Winaus, who is said to have been knocked down, beat and shit upon, and can find no such man who was so insulted; and therefore pronounce it a falsehood originating in the brain (if the re be any) of said Hough.

Resolved, That the Foreman of the Engine has called on the Alderman of the Ward—that the said Hough had made complaints to him, and that he saw nothing that would warran the complaints of said Hough.

Resolved, That it has always been the pride of this Company to keep the good name that they think they have had with the Department as a Company for a number of years; that they will not sanction any conduct of this kind in their Engine House; that the peisons taken were mostly peaceable and good citizens; and that we should not be condemned by the acts of one or two disorderly persons, or the word of a men so well known in the neighborhood as said Hough, of lot Varickest. This medicine is recommended and used by the most intelligent persons in the United States—by numerous Professors and Presidents of Colleges, Physicians of the Army, Navy and Hospitals, who consider it the best and most extraordinary medicine for coughs and colds they have ever used. The following Certificates are from the most respectable Physicians in the city of Philadelphia:

DEAR SIR: We feel unequivocal pleasure in the opportunity now offered us of expressing our approbatory opinion of your Indian Cough Balm, and the success we have ever obtained from its administration. We have used your medicine in upwards of fifty cases, comprising all stages of diseases, from incipient colds and cough to advanced phthisis, and have invariably found immediate relief. We recommend it cheerfully in all cases where the chest and lungs are affected, particularly in consumption, with scrofulous diathisis. For chronic cough, pain in the chest, spitting of blood, &c., we have no hesitation in pronouncing your medicine unrivaled.
